

PERSONAL MENTION.

Miss Dorothy Dean is visiting in Fulton.

Mrs. E. H. Carter is visiting in Hannibal, Mo.

M. C. Thomas, of Vandalia, was in Mexico Friday.

J. E. Smith, of Slater, was here on business Friday.

Charles Mason, of St. Louis, is here on business.

M. T. Morrell, of Vandalia, visited in Mexico Friday.

William Langtry, of Clayton, is visiting in this city.

L. N. Gordon and wife are guests at the Rathbone Hotel, Minneapolis.

Russell E. Holloway, of Columbia, was visiting in Mexico Wednesday.

Mrs. E. H. Tinscher is suffering with typhoid fever.

Dr. J. C. Moore has a dandy new eight cylinder Olds.

George Auld, of Lexington, was in this city Wednesday.

The Rev. Luther Byrns is here on a visit with relatives.

Chas. Green, of Centralia, was in this city Wednesday.

Jack Wood, of California, Mo., was in Mexico Wednesday.

Circuit Clerk Eppa Elliott is driving a new Chalmers car.

L. J. Evans, of Vandalia, was a Mexico visitor Thursday.

G. E. Eller, of Laddonia, was visiting in Mexico Wednesday.

George Marshall of this city, was a Fulton visitor Wednesday.

T. T. Porter, of California, Mo., was a Mexico visitor Wednesday.

Mrs. Leslie Adams has returned from a pleasant visit at Lathrop, Mo.

Mrs. S. J. Buckner and Mrs. J. W. Gallaher were in St. Louis Thursday.

W. J. Porowski was up from Louisiana Sunday.

J. C. Wilcox, of Columbia, was a Mexico visitor Sunday.

Mr. and Mrs. W. H. Brown are home after a visit of several days in Slater.

Melville Paul's pretty bungalow in South Mexico is almost ready for occupancy.

The Mt. Carmel Colored Baptist Association is holding its sessions in this city.

Mrs. H. B. Barks and Miss Mary Barks are home after a pleasant visit in Fulton.

Mr. Arnold, of Edna, Kan., who has been in Mexico on business, returned to his home Friday.

Edwin Meyer, of Lake County, Ind., is the guest of his brother, August Meyer, of this city.

Hallie Bradford left Thursday for a ten days' trip to Colorado. He will go to Denver and Pueblo and other points in the West.

Ed Pearl, who was recently operated on at the hospital for appendicitis, is reported to be getting along very nicely.

Mrs. W. H. Anderson, of Kansas City, is the guest of Mr. and Mrs. W. G. Burks for the week, and is taking in the big Chautauqua.

Mrs. John Pollard, of Kansas City, is building a modern sleeping porch on her flat on East Love street, which is occupied by Prof. L. H. Strunk.

The Rev. O. O. Green and family are home from a pleasant vacation spent at Pilot Grove, Mo., with Mrs. Green's relatives.

PROFIT OF FIRST SUB-SEA LINER IS 2 MILLION

BALTIMORE, Aug. 21. — More than 2 million dollars profit was made on the sale of the submarine Deutschland's cargo of dye, according to the Baltimore reports of the Deutschland Ocean Rhederer of Bremen, which operated the pioneer merchant submarine.

While having the entire moral support of the German government, the enterprise was purely a commercial one. The high market in America for dyes was a tempting one and the investment of the funds necessary to design and build the undersea boat was a relatively small consideration.

A statement was made also that Baltimore would probably be sidetracked as a terminal for the undersea traffic. In this connection New London and Providence were definitely named as the ports that would be favored by the undersea blockade runners.

The Bremen was said not to have sailed at noon Saturday from Germany, and it was strongly indicated that she would not sail for the outward voyage until the Deutschland arrived at the home port. This, it was revealed, was part of the plan to have Captain Paul Koenig of the Deutschland pilot the Bremen to America. Captain Koenig was reported by the American managers of the Rhederer to have been overwhelmed with the American demonstration of fair play and was quoted as having stated that he intended reporting specifically on this phase of the Deutschland's trip to his immediate superiors and indirectly to the German government.

ATHLETICS DEFEAT ALL-STARS

The Athletics proved too much for the Martinsburg All-Stars here Sunday when they mixed on the diamond. The local bunch tallied 4 runs in the first inning, which the visitors were unable to equal the remainder of the game. In the third inning the invaders managed to slip over a couple of tallies and then the Athletics came back in the fifth and counted two more. That was the best either side was able to do, or at least it was the best they did.

Thomas and Kistler were the batteries for the locals and Robeson and Jacobbi did the heavy work for the visitors.

The line-up of the Athletics was: French, 3rd base; Edmonson, 1st base; Williamson, 2nd base; Ty Roberts, center field; P. Marshall, left field; P. Marshall, right field; Kistler, catcher; Thomas, pitcher.

Next Sunday the Athletics will go to Highbee.

THE State Dairy Bureau of California, whose cause as long as it does not offer a word on climate is more question, announces the dairy production of their commonwealth was more than gold last year. This latest lore of the far west comes to us as a symphony of singing separators accompanied by a tinkling chorus of pale emulsion as it percolates from the kindly beifer's repository to the tin tub of the mechanical milkmaid. The dairy industry in Audrain county may never surpass the productivity of our golden grain, but it requires no vagrant imagination to picture it as contributing almost as great a portion of wealth to our farmer's checking account. What climatic California has accomplished with the cow can be effected here if we enter into the industry as thoroughly as local enthusiasts and state authorities suggest. It is with no sense of levity that we predict the time will come, if we do as we are told, when our crop of cows with its attending garnishment of cream, cheese and curds, will equal that of corn who reigns as King among us when it rains and when it doesn't rain ceases to reign, all of which sounds foolish, but is fact. The dairy industry does not require much rain, especially where the dairyman is honest, hence, regardless of weather and water, we are assured of one crop when our industries are divided between two vocations so aptly suited to our section.

Dr. Green McCall and wife, of Fulton, motored to Mexico Tuesday afternoon with a patient from Fulton, who was sent to St. Louis. Dr. McCall and wife returned to Fulton Tuesday evening.

John Kemp is driving a new Dodge touring car.

LAST OF THE INDIAN MEDICINE MEN HERE

J. E. Lighthall, Jr., Follows His Father's Trail to This City After 24 Years.

IS AN EDUCATED MAN

A Graduate of Carleton, He Has Studied Medicine in Philadelphia and Calcutta, India.

Following the trail of his father, blazed through this section 24 years ago, when his parent had what was then the last of the real Indian medicine shows, J. E. Lighthall, Jr., a half-breed Wyandotte Indian, is here with five other braves, with what is the final remnant of an army of medicine shows which once visited this section yearly.

Mr. Lighthall, whose tribe name is Light Hawk, is a graduate of Carleton Indian School, where he was a member of one of the famous football teams and a notable athlete. Today he is 49 and as fit and conditioned as if he had never been out of training. He attended a medicine school in Philadelphia for four years and then studied in Calcutta, India.

Twenty-four years ago his father, J. E. Lighthall, a full blooded Indian, showed in Mexico. That same fall he died in a fight against a fearful epidemic of smallpox. He turned his back into a hospital and his efforts on behalf of the stricken poor of the city earned him a monument which stands today as a memorial of his kind heart and which bears the title they conferred upon him of "The Samaritan of the South."

Light Hawk is an educated man, using perfect English in his conversation and is something of a cosmopolitan and soldier of fortune. He has traveled extensively and met with many interesting and exciting adventures. His show opens next Monday here and is a real old-fashioned medical show — the kind our parents used to tell us of.

THE HARDIN FACULTY.

The following are the officers and teachers of Hardin College for the school year which opens September 14th:

John W. Millon, President.

Mrs. Helen L. Millon, Greek, Latin.

Mrs. H. M. Richardson, Principal.

Mr. G. C. Motley, History.

Miss Mary B. Holmbrand, English.

Mr. O. Olin Green, Religious Pedagogy.

Miss Ida E. Schriener, French and German.

Miss Clara P. Haggard, Assistant in Greek and Latin.

Miss Rose B. Wood, Mathematics.

Miss Elizabeth Cox, Education.

Miss Flossie J. Harris, Science.

Miss Lena M. Dickinson, Expression.

Mrs. B. K. Fitzgerald, Art.

Miss Ruth R. Conely, Physical Director.

Miss Clara E. Vogt, Home Economics.

Mrs. C. A. Buckner, Business.

Mr. A. E. Guerne, Director of Music.

Miss Maude Sweeney, Piano, Harmony.

Miss Helen Shortwell, Piano.

Miss Morna C. Wilson, Piano.

Miss Florence L. Woodin, Voice.

Miss Frances Gupton, Voice, Sight Singing.

Miss Martha Pilcher, Violin, History of Music.

Miss Clara Pearman, Assistant in Harmony.

Miss Elizabeth Morgan, Practice Department.

Miss Ethel Thornburg, Secretary.

Mrs. Tina B. Dobyns, Manager Boarding Department.

Mrs. S. T. Craig, Governess.

Miss Mary Humphrey, Night Matron.

SCHOOL LUNCH IMPORTANT

With the opening of school, the busy mother is again soon to be confronted with the problem of her children's school lunch. To give her a few suggestions, the agricultural extension service of the University of Missouri has just issued a bulletin, "A Cold School Lunch."

A growing child at school must have plenty of good, wholesome food that is easily digested, says the bulletin. The less unnecessary tax put upon his digestive organs the more energy he will have to spare for mental work. The lunch should be carefully selected, keeping these general points in mind: (1) The child should have plenty of protein to keep him growing and this should be gotten from eggs and milk, rather than from meat, (2) ripe fresh or cooked fruits should be a part of every lunch, (3) fats should be supplied in the form of whole milk, butter on sandwiches, and egg yolks, (4) fried foods are hard to digest and should not form part of the lunch, (5) a few pieces of good, home-made candy may be given, and an occasional portion of well made pie, (6) add vegetables to the lunch whenever possible.

Some wholesome lunches suggested by the bulletin are:

- One chicken sandwich, one jam sandwich, one apple, one glass of milk, one small piece of cake (two graham or plain crackers and two apples for recesses).
- Brown bread and butter sandwich, cottage cheese sandwich, celery, one orange, nut and raisin cookies.
- Ham sandwich, bread and butter sandwich, fudge sandwich, apple sauce, one glass of lemonade.

Another important thing to consider is the lunch container. The lunch should never be wrapped in newspapers, but put in tin plate, fibre boxes, baskets or the ideal but rather expensive thermos lunch box. Waxed paper, plain white paper napkins, salt light jars or thermos bottle to carry semi-liquid foods and drinks are also important in packing the lunch.

Blanche Brooks, of Laddonia, was visiting in Mexico Wednesday.

SKINNER JOTTINGS.

Getting ready to attend the Chautauqua at Mexico, eh? You should be by some means attend at least a day or two. Some man claims it is great over a week. So now's the time to go to a university at least a week each year.

The intense hot sultry weather is getting the best of us, nearly all of us. Don't remember that we ever had a better summer, since it did commence, than this one. — The thrashing will all very likely be put out of business this week, and everybody will be glad. They can take some outings and return very much elated and built up over at least a few days' recreation. — Mrs. Blanch Clark and daughter, Miss Etta, and Mrs. Clark's father, returned to their home in Kansas City after a two week's sojourn here with Mrs. J. W. Blum and other relatives. — Miss Grace Ridgeway, of Columbia, was here a fortnight the guest of friends and relatives, but has returned to her third term of school at Fox the first Monday in September. She is a fine school teacher, and a good player. — Miss Bessie Day begins her third term of school at Duluth, September 4th. She is certainly a very successful school teacher. — Miss Little, of Callaway, is here the guest of her kind folks, the Spurlings and others. — Misses Cornett and Berry, of Rush Hill, were here last week the guests of Miss Hazel Holloway. — Misses Elliott and Nellie Vaughan, of Santa Fe, were here last week the guests of Miss Ruth Ellis. — J. T. Shoush now sports a new Overland touring car. He sends her down the pike like a professional. — Charles Faddis now owns a new touring 5 passenger Overland. Charles operates her like an old hand at the business. — Cy Barnes bought a new Ford touring car last week and can now be seen gliding over the roads at breakneck speed. Baker, his son, is at the throttle, of course. — The protracted meeting at Hopewell is still in progress. It grows in interest. Rev. Morgan is an Audrain product, and we are very proud of him. — He is a self-made man and is certainly making good everywhere he goes. Here's hoping him still greater success. — The basket dinner at Liberty Sunday was a howling success. Notwithstanding other meetings nearby, a large crowd was present. Rev. Mr. Martin, of Columbia, did exceedingly well in his presentation of gospel truths. — The protracted meeting is still in progress. The interest is good. Sunday night an immense crowd was present. We hear only two stood who did not profess Christ as their Savior. — The protracted meeting at Long Branch began Sunday night, we understand. Misinformation caused us to report its beginning two weeks ago. State Evangelist Smoot will do the trumpet calling for the Master's cause for a short time there. He is a good, strong man and will certainly stir the people to a redoubting of their diligence, at least. — Mr. Farthing, of Columbia, is over north of Young Creek with his thrashing outfit putting the grain in the bins very fast. Farthing has a rig for true, and has helped that understand their business in every particular. — Mr. McLaughlin, of Centralia, is over just west of us still thrashing. He has a first-rate rig and is doing good work. Like to have worked me to death Friday and Saturday. — Charles Dieckie is cleaning up the platter all over the country with two thrashing outfits. Charles is certainly a "go get'er." He got a late start this year, and many of his friends are waiting for him. — Charles Meyer delivered 21 head of 200-lb. porkers to Wheeler Bank, Monday, at \$10.25 per hundred. — P. T. Bruce delivered 215-lb. porkers, good enough to bring the top. — As we go to press we remember that Madam Gossip has been extremely busy the past few months, and have torn, lacerated and firmly united two more young hearts in one. The union was made several months back, so we understand, and the happy parties are only waiting for an opportunity to have the ceremony performed. They are two of our very fine young people, just out of their teens. Here's hoping for them an extremely happy and useful married life. — Charles Meyers shipped a load of fat cattle to St. Louis Tuesday, at \$10.25 per hundred. — The biggest person that walks our vicinity is the one that has the greatest amount of cheering love in his or her heart for his kind, and more especially full, running over, overbearing spirit of love is unconquerable, and the greatest reward of character this fullness has ever or will ever see. The fuller we get of it the better our vicinity. All the world is akin when this passion is rampant, guided by reason, in us. So the more we get in us the bigger we are. What is your liking?

NORTHEAST BENTON

Mrs. Charles Cunningham has been on the sick list the past week. — Miss Ada Nickelson, of McCrede, is visiting Miss Pearl Morton. — The Erlingman school was opened Monday with Mrs. Anna Kelly as teacher and Mrs. E. C. Nieman began her work at Stauffer on the same day. — Mrs. R. L. Hughes, of Blue Mound, Ill., is visiting her sister, Mrs. Ed Stratton. — A good many are planning to attend the Chautauqua this week. — Dr. Thompson, who works in the interest of the Anti-Slavery League, gave a splendid address at the Presbyterian Church Sunday night. — Owing to his inability to reach Benton City until the evening train, about half of the audience which gathered at the appointed hour, missed one of the finest addresses ever given in Benton City. — The Missionary Society of the Presbyterian Church held their regular meeting at the home of Mrs. William Underwood last week. — Mrs. Underwood has been a patient invalid for a long time. — A large crowd attended the Union Sunday School picnic Saturday and a general good time was had.

BEREA ITEMS.

Miss India Johnson, of Mexico, visited Mrs. St. Clair Emmons last week. — Miss Etta Hunt, of Contra, is the guest of her cousins, Misses Myra and Theresa Miller. — Miss Dollie James, of Laddonia, began her school at Berea Monday. — Mrs. Wm. Wilson, of the Bean Creek neighborhood, gave a birthday dinner Sunday to her son, Carl, and grandson, Milford. Carl's birthday anniversary being August 17 and Milford's August 22. — James Creed wife and daughter, Leta, were Sunday guests of Burt Williamson and wife. — Orville Leven and wife of near Monroe City were the guests of relatives here last week. — Jesse Swan, of Monroe City, visited his sister, Mrs. Paul Hickman, last week. — A. L. Crigler and family of near Santa Fe visited at Miss Fannie Edge's Sunday. — The Masonic Lodge that meets at Central school house entertained their families and a number of their friends last Thursday with a picnic in Mrs. Emily Patterson's pasture. Those who attended from here report a most excellent time and a fine dinner. An Eastern Star Lodge was organized in the afternoon. — Mr. Ben Baker and family of Molino are thinking of moving soon to Colorado. Harry Heizer will erect a new modern residence where Mr. Baker resides. — Prof. Ed Patterson, wife and daughter, Emily, of Keokuk, Iowa, were the guests of St. Clair Emmons and wife last week. — Mrs. Jane Bledsoe Vance was buried at Berea Sunday. — Don't fail to attend the Chautauqua now in session at Mexico. There are a number of excellent attractions on the program. — Dr. Sam Miller and other relatives motored over from Mason and visited J. C. Miller.

HARRISON ITEMS.

F. H. Marsh attended the Board of Directors Convention at Mexico Saturday, August 19. — School began at Harrison Monday, Aug. 21, with Ed. C. Offutt as teacher. — Harrison has a new living well. — Ed. C. Offutt attended the Teachers' Convention Aug. 17 and 18. He also attended the Board of Directors meeting. — Mr. Wayne Bradley motored up to Ed. C. Offutt's Sunday. He was accompanied by Miss Nellie Booth. — Mrs. L. B. Reed returned to her home from a visit to her son in California. — There was a lawn party at Walter Bryson's Saturday night, a large crowd attended. — S. A. Pool is on the sick list. — C. H. Wigham came home from a business visit in Morgan county last week. — A few of our young folks attended the party at C. Vance's Friday night, August 18. — Jim Shick is building some additional to his residence. He is also building some new outbuildings.

Americans Returning to Mexico.

MEXICO CITY, August 20. — The Government immigration agent at the port of Vera Cruz reports that about 600 American families, who left because of the misunderstandings between the United States and Mexico, have returned through that port. He and other officials express the opinion that all the citizens of the United States who abandoned this country have returned.

Miss Kate Biggs and little Miss Belle Buckner Biggs, of Fulton, are the guests of R. R. Buckner and family.

Col. James Barnes, of Western Audrain, was in this city Thursday attending the teachers' meeting. Mr. Barnes is still the same genial, happy gentleman of always and his many Mexico friends were greatly pleased to see him.

Mrs. John M. Pollard, of Kansas City, is visiting friends and relatives in Mexico.

AUXVASSE ITEMS.

Mr. and Mrs. Nolle Schell left this week for their home in N. Dakota. — Chas. English has leased the Auxvasse Hotel and after a general renovation will open about the 1st. — Mrs. McIntosh has moved to the Hanser property from Fulton. — The ramper of the younger set and chamber, Mrs. Overfelt and Woodson, enjoyed a 4-course dinner at the home of Mary and Lucille French Saturday evening. — Quite a crowd from here attended the Mexico Chautauqua on Tuesday. — Mrs. Bell Young leaves for N. Dakota this week to resume her former duties in a college there. — Miss Ida Boles spent the past week in Bowling Green and Clarksville. — Mrs. Bus Buckner entertained Friday, assisted by her little daughter and nephew, Miss Willie Francis, Master Robert-Cave Buckner, for Miss Morris, of Stockton, Calif. — Dr. Cline veterinary surgeon, left Monday for Madison, Wis., to take a course of study in the University there. — Rev. Frank Dudley and wife have been the guests of E. M. Dudley here, will probably spend the winter in Honolulu. — Rev. Turnage and Rev. Mitchell are conducting a meeting in Auxvasse. — John Ward Tyler and wife spent a part of the past week in St. Louis. — Argyle Brown, who was struck in the head by a ball at Martinsburg the past week while playing ball, was able to resume his position at Dunavant's store Monday.

YOUNGS CREEK.

The Masonic picnic on Youngs Creek was well attended, and was quite a success. The speakers were Jud Houston, E. S. Cunningham, and Prof. Ed Patterson. The dinner was excellent, such lovely cakes, nice fruit and salmon salads (beef and ham) and all the good things that go to make up a good dinner. — A good many of the farmers are plowing for wheat. — A sister of Mrs. J. P. Albright is visiting here. Mrs. Carr, of Springfield, Ill., and son. — Mr. and Mrs. Lon Heiser of Molino neighborhood, called to see G. T. Schieffer last Thursday. — Little Bertha McIntosh spent the week-end in Mexico, last week. — The little Miss Berries, Lois and Alta, visited their grandparents, Mr. and Mrs. C. Berry, of Mexico, last week. — Jim Walts, of California is visiting his brother, Joe and family in Audrain County. — Thomas Farthing, of Columbia, is thrashing wheat in the Long Branch neighborhood. He has a number one threshing machine and gets the grain in a hurry. — Rev. White began a series of meetings at Long Branch last Thursday night. — K. B. Wilkerson, of Mexico, bought ten head of stock hogs from G. T. Schieffer at 9 per lb. He also bought 8 head from Mr. J. W. Mallinckrodt at the same price.

MOLINO ITEMS.

Mrs. Wm. Duncan is visiting in Bowling Green. — Miss Bessie Mayo is the guest of Mrs. L. Spotswood. — Mrs. Charley Bradley and daughter are visiting relatives in Vernon county. — Mesdames W. B. Marshall of Mexico and J. D. Stone of Ft. Worth, Texas, were guests of Miss Leota Weaver Thursday afternoon and night. — Miss Florence Heizer entertained with a lawn social Saturday night. — Mrs. Williams and daughter of Fulton were guests of Mrs. Herman Worley last week. — Thomas Wilson is thought to be some better, although he is not able to sit up. — John Styles and wife of Skinner were guests of Ben Baker's Sunday. — John Cawthorn and wife had as guests Sunday at dinner H. L. Weaver and daughter, Miss Leota; Mrs. Nan Williams, P. R. Cawthorn and wife, and Miss Neva and Paul Cawthorn. — Miss Retta Burgess, of Mexico, was the guest of her mother, Mrs. Joe Plybon, Sunday. — Miss Carrie Lee's guest, Miss Lillian Talley, returned home to St. Louis Thursday. — A. J. Cawthorn left for St. Louis with a load of cattle Sunday night. — H. L. Weaver sold 3 mules to M. H. Patterson for \$465. — James Dudley and wife are home from a pleasant visit with relatives in Kentucky. — Bob Heizer and family were Monday visitors at R. L. Heizer's.

NEW HOPE ITEMS.

Mrs. Fouts is still confined to her bed. She is under the care of a trained nurse. The case is a pretty hard one, but as long as there is life there is hope. — Our people are pleased to hear that Krys's Band is coming back to Mexico this year. It will be bigger and better than before. The bride and bridegroom will be there, but don't let anybody. — James Clark sold 20 head of shalots at \$9.50 this week. — Mrs. T. K. Dalton and family were visitors of R. R. Dollins and family recently. — Ed Dickey and wife were guests of W. T. Chick Sunday. — Al Wilson and wife visited Mrs. Wilson's parents at Mexico Sunday. — The writer attended the old Confederate Reminon at Columbia on the tenth of the month and had a good time. There were about 80 of us together. The ladies had the tables spread with everything eatable.

SOMETHING NEW TO ME, SPRINGFIELD MAN AVERS

C. C. Haggard Declares He Feels Like Different Person at His Work Now.

GIVES CREDIT TO TANLAC

"I'm Gaining Strength and My Appetite is Fine Since Taking New Medicine, He Asserts.

SPRINGFIELD, Mo., August 25. — C. C. Haggard, manager of the Colonial Barber Shop, this city, recently made a very interesting statement of how he was benefited by the new medicine, Tanlac. Mr. Haggard said: "I was in a bad condition for work and was all run-down in health. I suffered from frequent headaches caused by overwork and worry. My digestion was very poor. Hardly anything I ate agreed with me. Gas would form in my stomach after eating and the bloating caused me great pain. I was bothered with pains in my kidney regions at times. I felt tired and worn out before the day was half through. I could not sleep well at night. My condition became so bad that my work was drudgery to me. I heard so much about Tanlac I finally made up my mind to give the medicine a trial.

"I've just finished taking my first bottle of Tanlac and I feel greatly improved. I have a fine appetite now and can eat what I want with a relish. What I eat agrees with me and I'm gaining strength fast. The pains in my stomach and regions are no more. I feel like a new man at my work now. My sleep is restful and I awake in the mornings feeling full of energy. I think Tanlac is simply fine. I highly recommend Tanlac to all who feel run-down and tired out."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness and the like and is a fine tonic and system purifier. Tanlac is now being especially introduced and explained in Mexico at Buckner's Drug Store. Adv.

Sheep, 2,000, steady.

Cattle, 2,000, steady.

CHESTER STARR COMES BACK.

Chester G. Starr, who was graduated from the College of Agriculture in 1906, was in Columbia Tuesday. Mr. Starr is now doing extension work in animal husbandry and veterinary science at Purdue University, Lafayette, Ind.

Mr. Starr formerly lived in Audrain county and while there operated his father's sheep farm, managing the feeding of 25,000 to 30,000 sheep each year. He has also had considerable experience in raising Duroc-Jersey hogs. Mr. Starr is now doing experimental work in hog cholera prevention, and hog raisers are watching his work with a great deal of interest.

Audrain County Feeder on Market.

Judge Baker Barnes, well known Audrain County, Mo., jurist and cattleman, was represented on the market in St. Louis Wednesday with 20 head of 1254-pound steers of his own feeding that sold to Morris & Co., at \$9.70. Another successful Audrain county man here with cattle was Edgar Lockridge who sold 16 head of 1166-pound steers to Swift & Co., at \$9.10. — Live Stock Reporter.

BARNES' YEARLINGS AT \$8.90.

Baker Barnes, Jr., of Audrain County, Mo., supplied the St. Louis market with one of his first strings of steers Thursday. They were mixed breeds of long yearlings, mostly two. He marketed 21 head that averaged 1021 lbs. and sold to Swift & Co. for \$8.90 per cwt. This is one of the first strings of cattle yearlings Barnes has ever fed, but judging from his success this time he will be but a short time getting the name of his father who has been one of the substantial feeders of that section for many years. — Live Stock Reporter.

THE MERCURY STOOD AT 96 AT NOON FRIDAY AND REACHED 98 DURING THE AFTERNOON.

T. A. Threlkeld and family have returned from a three weeks' camping trip on their farm, two miles west of Mexico.

The mercury got back to its usual habitation in the region between 95 and 100 Thursday when it climbed up to 98 in the afternoon. It started its climb in the forenoon and reached 94 at noon and kept on climbing, but 98 was the best it was able to make during the day.

HIS MULES STARVED.

The Monroe City News of this week tells the following story: Buckman Bros., among the largest raisers of fine horses and mules in Monroe county, suffered the loss of five head of mules and one horse in a very peculiar manner one day last week. A large number of horses and mules had been turned into a pasture in which was an old barn. A number of the animals went into the barn, presumably to escape the intense heat, and in some manner the door to the building was closed, being shut, it is supposed, by the wind. Messrs. Buckman did not have occasion to visit the barn for several days until last Thursday, and upon entering discovered the animals dead. Five mules and a horse were dead from starvation and lack of water and four others were barely alive and it was thought they also would die. Several of the mules were 2-year-olds and the others were yearlings.

MILK HOUSEHOLDERS SAYS THE THRESHING IN HIS SECTION IS YIELDING BETWEEN 20 AND 30 BUSHELS OF OATS AND 10 AND 15 BUSHELS OF WHEAT.

He reports the corn about his farm badly in need of rain as it received little of the last heavy rains.

Annoyed last night by a growing volume of "yelps" in her home, Mrs. Carl Braden got up and found a dozen eggs she had brought in two days before in the midst of the hatching out process. Five chicks were out of the shells and three other eggs pipped. The eggs were from a nest that a hen had hidden in the weeds.

Bub Braden had 30 acres of oats that made 60 bushels. This is one of the best yields reported since the harvest started.

Joe Wilson reports wheat being threshed in his section is giving only a light yield and is of poor quality. The thermometer reached only 78 at noon Tuesday and made 82 for its high mark during the day.

Race Watts threshed oats this week and made 35 bushels.

Nelson Carter has gone to New London, where he will attend the big Pritchett Poland China Hog sale on Thursday.

Haden Duncan, near Millersburg, sold Charles H. Dunn, near Hereford, 22 stock hogs, one day last week for 8.4 cents a pound. Mr. Dunn bought 18 stockers from a wean of Fulton farmer the same day that cost him close to 9 cents a pound. — Fulton Gazette.

BREEDING EWES AND FEEDING LAMBS FOR SALE!

We have 5,000 good, young ewes for immediate delivery and 20,000 choice feeding lambs, delivery September and October; if interested, address W. A. LONG, National Stock Yards, Illinois.

Mrs. L. M. Stalcup, who is visiting her father, E. A. Lawrence at the Ringo, received a 50-pound watermelon from a friend in Blodgett, Scott County, Mo. The melon was two feet long and one of the largest melons ever seen in Mexico.

Les Williamson, of Auxvasse, who is buying war mules for T. P. Harrison, has bought 93 head within the last three weeks, 92 head of which were mares. The hybrids were purchased three and five years old, and cost him from \$160 to \$190 apiece. He bought them in Callaway, Boone, Audrain and Monroe counties. — Fulton Gazette.

Tom and Jack Hamilton have purchased from F. L. Crosby his farm of 200 acres which joins their farm on the south. The Crosby farm is on the terminus of the macadamized road, leading south from Mexico and is considered to be one of the best farms in that section of the county.

The department of agriculture chemistry of the University of Missouri has found through the soil survey and through testing samples sent by county agents and individual farmers that soils of the state are quite generally acid. When samples are received they advise as to how much lime should be applied to the acre to sweeten the soil. The department has analyzed a great many samples, reporting about 1,500 soils since 1907.

BABY BROTHER REST.

In a page of letters published in the Missouri Ruralist regarding "Pups and Kitty Cats" the following letter from a Mexican girl appears:
